Summary

PhD Student at McGill University

Research interests: Cognitive effort, real-world decision-making (Big Data), statistical modelling

Education

McGill University Ph.D. In Experimental Psychology (Cognitive Science)	Montreal, Canada 2020-Present
Concordia University Master Of Experimental Psychology	Montreal, Canada 2020
Concordia University Bachelor Of Psychology	Montreal, Canada 2018

Awards and Grants

Total value: \$209 050

Graduate Research Scholarship In recognition of: outstanding research proposed by a graduate student in psychology (\$2000)	APF 2022
Student Ambassador Award In recognition of: funding for community outreach project to promote science among underrepresented groups (\$1000)	NSERC 2021
Postgraduate Scholarship-Doctoral In recognition of: doctoral students' academic success and research potential (\$63 000)	NSERC 2021
Graduate Excellence Award In recognition of: academic excellence at the graduate level (\$ 2550)	McGill University 2020
Bourses de Doctorat en Recherche In recognition of: doctoral students' academic success and research potential. (\$84 000)	FRQNT 2020
Canada Graduate Scholarship-Master's Program In recognition of: new master's students' academic success and research potential (\$17 500)	SSHRC 2019
Bourses de Maîtrise en Recherche In recognition of: new masters' students' academic success and research potential (\$17 500)	FRQNT 2019
Graduate Special Entrance Award In recognition of: incoming masters' students entering the program with federal or provincial funding (\$6000)	Concordia University 2019
Undergraduate Research Award In recognition of: students' academic success and research potential (\$7125 + \$2000 FRQNT supplement)	NSERC 2018
Undergraduate Research Award In recognition of: students' academic success and research potential (\$5625)	Concordia University 2017
Arts and Science Scholar In recognition of: students with a GPA in the top 1% of their department	Concordia University 2016-2018
Dr. Alex Vincent Scholarship in Psychology In recognition of: psychology students' academic excellence and commitment to the field (\$750)	Concordia University 2018

Research Experience

Otto Lab Ph.D. Student (supervisor: Dr. Ross Otto)	McGill University 2020
<ul style="list-style-type: none">- Designed numerous experiments, using Python, JavaScript, and MATLAB (including backend with SQL and Postgres)- Analyzed experimental and large-scale consumer data- Fit computational and deep learning models to empirical data- Published results in high-impact, peer-reviewed, journals- Presented results at multiples international conferences- Led multiple workshops, teaching colleagues and students advanced statistical techniques	

- Designed numerous experiments, using Python, JavaScript, and MATLAB
- Analyzed experimental data, resulting in the completion of a master's thesis and defence
- Fit computational models to empirical data
- Published results in high-impact, peer-reviewed, journals
- Presented results at multiples international conferences
- Digitized pre-existing paper-and-pencil experiments, implementing open science best practices

Editor of Psychology

2019-Present

- Editor for an international journal that aims to close the gap between what is research and what is published by highlighting important scientific failures
- Write and contribute to editorials on the role of failure in psychological science

Science of Learning Symposium, Berlin, Germany

Assistant Organizer

2018

- Assisted in planning and organization of an international symposium on recent neuroscientific, developmental, and social advancements in learning science
- Helped compile a post-symposium synopsis.
